## DIFFERENTIATORS

Directional Command will create the best care experience for the staff as well as for patients. We strive to achieve the best outcomes - financially, clinically and operationally. Directional Command will provide optimal communication, customer service and follow up during every step of the business process in a professional manner. We pride ourselves on being hands on for every project, beginning to end.

## COMPANY DATA

Directional Command LLC, a Service Disabled Veteran Owned Small Business, providing leadership and coordination along with a proven track record to major government agencies with multi-tiered, multi-year projects. Now we are partnered with well-known vendors for medical and dental products, supplies and services to VA clinics and major VA hospitals. Our team brings decades of experience to every project, and we work hard to deliver the smartest, most technologically advanced solutions available. Our goal is to earn a spot on "Your Team" by getting the job done right every time.

## PAST PERFORMANCE

Directional Command has been awarded and is successfully providing numerous technological services in over 25 states and Puerto Rico for the Department of Veterans Affairs – Miami, Gulf Coast, Tampa Bay, Kentucky, Cleveland and Charleston, SC.
